

TAKE ISSUE WITH HOUSTON ON BONUS

Head of Privates' Legion Says Vote Would Show Ex-Servicemen Want Compensation.

Taking exception with Secretary of the Treasury Houston, that "a poll of American service men would reveal a majority against the proposal for a bonus contemplating withdrawal of \$2,000,000,000 from the Treasury," Marvin Gates Sperry, president of the Private Soldiers' and Sailors' Legion, declared today that, after talking with veterans from all parts of the country, he is "absolutely certain" that those opposing the \$500 bonus, which would amount to about the sum mentioned, are in the minority.

A challenge to arrange for taking a vote of the four million service men on the question has been issued to the Secretary by Sperry. He contends that if the result does not show an overwhelming majority in favor of the bonus, he will withdraw all petitions, which have been filed by the soldiers and sailors organization. The condition is also that, should the majority oppose the grant, Secretary Houston give his earliest support to the movement.

Indorsement of a bill to tax nearly \$3,000,000,000 of surplus war profits now lying idle in the treasuries of corporations, which figures have been presented to the Congressional Ways and Means Committee, now conducting hearings on the bill, by the Hearst newspapers, in order to raise funds for the soldiers bonus bill, is given in the following statement:

President Sperry says in part: "I do not know what plan Secretary Houston has in mind when he says:

"If the service men knew of the heavier burdens added to the high cost of living which this bonus would impose they would reject it flatly," he said. "The trouble is, they have not studied the plan in detail or have not been advised how it will react upon their families and neighbors." "But I do know that the plan which the Private Soldiers' and Sailors' Legion submitted to the Ways and Means Committee as a means of raising the revenue to pay the soldiers' bonus, would not increase the cost of living for the mass of the people one dollar. We studied our plan thoroughly before we submitted it to the committee, and if the Secretary of the Treasury would give the same amount of study to it that we did he could not help to come to the same conclusion that we have, that by taxing the war profits into the treasury the bonus can be paid without either increasing the cost of living or resorting to a bond issue."

INTERCHURCH LEADERS TO MEET MONDAY NIGHT

Prominent Officials Will Attend the Keynote Dinner of World Movement.

Many members of the Senate and House, high Government officials, clergymen, and laymen prominent in the affairs of the city have accepted invitation to attend the keynote meeting of the Interchurch World Movement at the Washington Hotel, tomorrow night.

The committee in charge has received a big response to the invitation to the dinner.

The interchurch movement is planning to drive home some startling facts regarding the world situation, and Christianity in the coming campaign to raise \$336,000,000 to spread Christianity and civilization. The "Flying Squadron," under the leadership of John D. Rockefeller, Jr., which is to come here for the dinner Monday night, will show that of the 1,640,000,000 people in the world, only 586,000,000, or 36 per cent, are even nominally Christians.

They will point out that where the Christian missionary goes there eventually follows the introduction of western efficiency methods and sanitation. There is still room for great improvement, it is said, for instance, in north Africa, where five Christian hospitals and twenty-seven dispensaries meet the medical needs of 80,000,000 people.

Arrangements have been made by the dinner committee for a quartet to take part in the musical program of the evening, which will be in charge of Percy S. Foster and Homer Rodeheaver, "Billy" Sunday's song leader.

JAPANESE SEEK BETTER UNDERSTANDING WITH U.S.

TOKYO, April 4.—A co-operation program between Japanese and Americans to improve relations between the two countries and develop a better understanding was advocated here yesterday by prominent Japanese and members of an American mission who have been holding an eight-day conference here.

The conference announced the following program:

- 1.—Co-operation of Japanese and American capital to obtain better cable service by the laying of another cable between the Orient and the United States.
- 2.—Exchange of professors between Japanese and American colleges.
- 3.—Establishment of a trade arbitration agency.
- 4.—Settlement of Japanese land ownership and immigration as it affects the United States.

This Actually Removes Superfluous Hair (Entirely New and Quick Method)

By the introduction in this country of what is known as the "phalacrine process," any woman can now rid herself completely of annoying superfluous hair or use. The process is entirely new, different from all others, and far better, because it actually removes the hair entirely. It is almost instantaneous, perfectly harmless, odorless and non-irritating. Just get a stick of phalacrine from your druggist, follow the simple directions—and see the hair come out, with your own eyes. No depilatory or electrical treatment can produce this result. The skin is left soft, smooth and hairless as a child's. Phalacrine can be used with absolute safety—one could even eat it with impunity.

Kann's—Third Floor.

One Carload Heavy Galvanized Ash Cans Purchased From the United States Government

Offered Monday at a Sensationally Low Price

We Could Not Duplicate Them on Today's Market to Sell for Less Than \$8

Kann's—Third Floor.

—If you want a good substantial Ash Can, one you can bank on to give long service, then you will get one of these tomorrow. Government specifications are rigid, as you know, and that fact alone should make you all the more desirous of owning one of these cans.

—The Cans are made of a very heavy quality galvanized iron, corrugated type, with side handles and a fitted cover. They are 17 inches wide, 27 inches tall, weigh approximately 27 pounds, and have a capacity of 25 gallons.

—Private homes will find them indispensable as Ash Cans; real estate agents, hotel and restaurant servers will want them for garbage cans; garage men and contractors will need them for many uses.

Choice This Sale at a Price Lower Than Ever Quoted for This Quality

\$3.95
